

HOPE

Wisconsin Association of Health Occupations Professional Educators is a Wisconsin organization for teachers of health sciences. The acronym for the organization is WI-HOPE.

Purposes of the Organization

- Identify and support common goals among all secondary teachers of health occupations education
- Encourage and support active involvement of all secondary health occupations teachers at the state and national levels of the professional education organizations and the student leadership organization (HOSA).
- Provide a mechanism for effective communications among secondary health occupations teachers and between health occupations teachers and other publics within the educational systems, the health field, and the local and state communities.
- Promote a broad understanding and an appreciation for the total spectrum of Health Occupations Education and its student leadership organization (HOSA).
